

Scratch-B-Gone™ Homeowners Kit

Product Description

The Scratch-B-Gone™ Homeowners Kit is designed to fit the needs of homeowners with stainless steel appliances, grills and sinks. The kit removes all types of scratches, rust and stains.

Product Benefits

- Remove scuffs, fine scratches, light scratches and deep scratches
- Remove chemical discoloration caused by cleaning products, bleach and acids on your appliances
- Remove rust and heat scorching (black, blue, gold color) from your barbecue hood and accessories
- Maintain the appearance of your stainless steel sink, appliance or grill and keep it looking new
- Scratch-B-Gone Homeowners Kits are good for multiple repairs
- It's easy - anyone can do it
- It's fast - most repairs can be done in minutes
- It's simple to use...just 3 simple steps:
 - #1 Determine grain direction
 - #2 Choose the correct abrasive and apply Ultra Shine™ to pad
 - #3 Apply abrasive to surface and wipe off

Use On

- Stainless steel barbecues and accessories
- Stainless steel kitchen appliances – refrigerators, microwaves, dishwashers, grills and stoves
- Stainless steel sinks

Product Use Explanation

- Read instructions or watch online video <http://www.scratch-b-gone.com>
- Identify the grain direction
- Verify stainless steel using Tru-Metal Test Strip™
- For light scratches use grey pad with Ultra Shine™ following the grain
- For heavier scratches use a more aggressive pad following the grain
- Blend grain to the rest of the surface using the grey pad
